**NOTES**

- 1 Operating costs for municipal services include salaries, wages, benefits, materials, contracted services, rents, financial expenses, external transfers and internal allocations between service areas.
- 2 Total costs include operating costs plus interest on long term debt and amortization of tangible capital assets.
- 3 Commencing in 2009, municipalities in Ontario and Canada adopted the Canadian Institute of Chartered Accountants (CICA) Public Sector Accounting Board (PSAB) Handbook Sections 1000, 1100, 1200 and 3150. The changes include:
  - tangible capital assets are reported on the balance sheet or statement of financial position
  - amortization expenses of tangible capital assets are reported in total cost of municipal services
  - operating costs include expenses on some projects in the capital budget that were not capitalized as tangible capital assets and therefore were included in operating costs
