Auditors' Report

To the Members of Council, Inhabitants and Ratepayers of the The Corporation of the County of Lambton

We have audited the consolidated statement of financial position of the The Corporation of the County of Lambton as at December 31, 2009 and the consolidated statements of operations, changes in net financial debt and cash flow for the year then ended. These financial statements are the responsibility of the Municipality's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the The Corporation of the County of Lambton as at December 31, 2009 and the results of its operations, changes in net financial debt and changes cash flow for the year then ended in accordance with Canadian generally accepted accounting principles.

1. ACCOUNTING POLICIES

The financial statements of The Corporation of the County of Lambton (Municipality) are the representation of management and have been prepared in accordance with generally accepted accounting principles for municipal governments, as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Since precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily involves the use of estimates and approximations. These have been made using careful judgments.

(a) Basis of Consolidation

- (i) Government business enterprises are separate legal entities which do not rely on the Municipality for funding. Investments in government business enterprises are accounted for using the modified equity method. Under this method, the government business enterprise's accounting policies, which follow Canadian generally accepted accounting principles, are not adjusted to conform with Public Sector Accounting Standards and inter-entity transactions and balances are not eliminated. The following government business enterprise is reflected in the financial statements:
 - Community Development Corporation
- (ii) Trust funds and their related operations administered by the Municipality are not consolidated, but are reported separately on the "Trust Funds Financial Report".

(b) Basis of Accounting

- (i) Sources of financing and expenditures are reported on the accrual basis of accounting.
- (ii) The accrual basis of accounting recognizes revenues, as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.
- (iii) Non-Financial Assets

 Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year, and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Debt for the year.

a) Tangible Capital Assets (TCAs)

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset, less accumulated amortization. The cost, less residual value, of the tangible capital assets are amortized over their estimated useful lives as follows:

Bridges Buildings	35 - 75 years 15 - 40 years
Building Contents	5 - 50 years
Building Site Elements	10 - 50 years
Fleet	6 - 10 years
Information Technology	3 - 10 years
Leasehold Improvements	10 - 40 years
Machinery and Equipment	3 - 40 years
Medical and Emergency Equipment	2 - 20 years
Roads	15 - 50 years
Signage and Illuminations	10 - 20 years

One half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use, at which time they are capitalized.

The Municipality has a capitalization threshold of \$5,000 so that individual TCAs of lesser value are expensed unless they are pooled because, collectively, they have significant value. Examples of pools are appliances, furnishing, shelving, street furniture, telephone equipment and tools.

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also recorded as revenue.

Works of art, artifacts, cultural and historic assets are not recorded as assets in the financial statements because a reasonable estimate of the future benefits associated with such property cannot be made.

b) · Inventories and Prepaid Expenses

Inventories and prepaid expenses held for consumption are recorded at the lower of cost and net realizable value. Cost for inventories is determined on the average cost basis.

(iv) Revenue Recognition

Taxation revenue is recognized in the year that the taxes are levied.

Government transfer revenues are recognized when the amount has been determined and approval has been obtained. If the government transfers relate to specific expenditures, the revenue is recognized when the resources have been used for the specific purpose.

User charges are recorded when the amount is determinable, collectibility is assured and the services provided.

Investment income is recorded as earned.

Donations are recorded when the amount is determinable and collectibility is reasonably assured.

(v) Temporary Investments

Temporary investments are recorded at the lower of cost and market value.

2 CHANGE IN ACCOUNTING POLICY

On January 1, 2009, the Municipality adopted revised Public Sector Accounting Standards: Section 1000-Financial Statement Concepts, Section 1100-Financial Statement Objectives, Section 1200-Financial Statement Presentation and Section 3150-Tangible Capital Assets. As a result of the adoption, the presentation of the financial statements changed from the prior year. The standards require the recognition of all non-financial assets including tangible capital assets, prepaid expenses and inventories of supplies as assets in the financial statements. In addition, amortization on tangible capital assets was recorded in the Statement of Operations. This change in accounting policy has been applied retroactively with the restatement of the prior period, where applicable. The most significant changes are the reporting on tangible capital assets for the first time, and the inclusion of the Statement of Change in Net Financial Debt. The impact of adopting the tangible capital asset standard was as follows:

ാവവ

3. EMPLOYMENT BENEFITS PAYABLE

Employment benefits payable are comprised of the following:

		2009	2008 .
		\$	\$
Liability for vacation credits	•	1,766,817	1,255,258
Liability for vested sick leave benefits		247,229	258,594
		<u>2,014,046</u>	<u>1,513,852</u>

Liability for Vacation Credits

Under the provisions of certain employee vacation plans, some vacation credits are earned as at December 31 but are generally unavailable for use until a later date. In addition, the provisions of certain plans allow the accumulation of vacation credits for use in future periods. The approximate value of these credits as of December 31, 2009 is \$1,766,817 (2008 - \$1,255,258).

Liability for Vested Sick Leave Benefits

Under the terms of the sick leave benefit plan, unused sick leave can increase according to remuneration increases and employees may become entitled to a cash payment of 10% annually, 100% upon termination or up to 100% by special request to County Council. The vested portion of sick leave days is payable to a maximum of one-half year's salary.

This plan is no longer in effect for accumulation of additional sick leave days, with the exception of members of CEP Local 65 and ONA Local 196.

To the extent that these accumulated days have vested and can be taken in cash by the employee, this liability amounted to \$247,229 (2008 - \$258,594) at the end of the year. An amount of \$29,637 (2008 - \$4,155) was paid to employees who left the Municipality's employment during the current year.

A reserve has been established to provide for this past service liability. The balance at the end of the year is \$264,291 (2008 - \$268,928).

4. TRUST FUNDS

Trust funds administered by the Municipality amounting to \$207,592 (2008 - \$239,774) have not been included in the "Statement of Financial Position", nor have their operations been included in the "Statement of Operations".

5. CASH AND TEMPORARY INVESTMENTS

		2009	2008 \$
Cash on Hand and in Banks	•	23,910,132	31,589,640
Temporary Investments		82,884	82,259
		<u>23,993,016</u>	<u>31,671,899</u>

The Municipality's cash is held at a Canadian chartered bank and earns interest based on the 30 day average bankers acceptance (BA) rate.

The temporary investments, held in a money market fund, are due on demand.

The Municipality has a \$5,500,000 demand operating line available to it. Interest rate of prime less 1.0% is charged on money borrowed. As a December 31, 2009, the Municipality has not drawn anything on the operating line.

6. GOVERNMENT BUSINESS ENTERPRISE

The following summarizes the financial position and operations of the government business enterprises which have been reported in these financial statements using the modified equity method:

Community Development Corporation

The Community Development Corporation is a corporation incorporated under Part III of The Corporations Act. It has partnered with the University of Western Ontario to establish a university styled research and development park to act as a conduit for the delivery of professional development, education via interaction among institutions of higher education, contract research, technology transfer and commercialization of intellectual property. The Corporation of the County of Lambton holds the controlling interest in the Community Development Corporation.

	<u>41,556,006</u>	<u>11,426,307</u>	3,839,157	56,821,470

(c) The long-term debt in (a) issued in the name of the Municipality has received approval of the Ontario Municipal Board for those approved on or before December 31, 1992. Those approved after January 1, 1993 have been approved by by-law.

Approval of the Ontario Municipal Board has been obtained for those pending issues of long-term debt and commitments to be financed by revenues beyond the term of council and approved on or before December 31, 1992. Those approved after January 1, 1993 have been approved by by-law.

The principal and interest payments required to service these actual and pending issues and commitments are within the debt repayment limit prescribed by the Ministry of Municipal Affairs. The annual repayment limit to be effective January 1, 2010 has been authorized at \$15,532,686. Actual annual repayment of principal and interest in 2009 was \$3,677,058 (2008 - \$3,703,070). Interest rates on long term debt vary between 2.95% and 6.75%.

On May 9, 1997, the Municipality, on behalf of 10 member Municipalities, refinanced the Ontario Clean Water Agency (OCWA) debt for the Lambton Area Waterworks Supply System (LAWSS). The debenture issue, in the amount of \$35,506,000, will require annual principal and interest payments of approximately \$3,450,000 over 20 years. Annual payments made by the Municipality will be recovered 100% from the participating Municipalities.

10. PENSION AGREEMENTS

The Municipality makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of 818 members of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Employees and employers contribute jointly to the plan.

The Administration Corporation Board of Directors, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the plan assets and administration of the benefits. OMERS provides pension services to more than 400,000 active and retired members and approximately 928 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2009. The results of the valuation disclosed total actuarial liabilities of \$54,200 million in respect of benefits accrued for service with actuarial assets at that date of \$52,700 million indicating an actuarial deficit of \$1,500 million.

Because OMERS is a multi-employer pension plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the Municipality does not recognize any share of the OMERS pension surplus or deficit. The amount contributed to OMERS for 2009 was \$2,650,977 (2008 - \$2,717,374) for current service and is included as an expenditure on the Statement of Operations. The OMERS Board rate was 6.3% to 9.5% depending on income level for 2009 (2008 - 6.5% to 9.6% depending on income level).

The Municipality makes no contributions under the past services provisions of the OMERS Agreement.

11. SARNIA-LAMBTON ECONOMIC PARTNERSHIP ASSOCIATION

The Sarnia-Lambton Economic Partnership Association (SLEP) is an independent body charged with the responsibility for managing economic development within the County of Lambton. It is jointly funded by the Municipality, local Municipalities, the private sector and senior levels of government. The Municipality provided \$950,000 (2008 - \$937,500) in operating funds during 2009. SLEP has not been consolidated.

12. LIABILITY FOR LANDFILL CLOSURE AND POST CLOSURE COSTS

The Ontario Environmental and Protection Act sets out regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post closure care of solid waste landfill sites.

Landfill closure and post closure care requirements have been defined in accordance with industry standards and include covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance.

The total projected closure and post closure costs at December 31, 2009 are \$8,716,963.

The estimated liability of \$5,826,113 (2008 - \$5,269,716) represents the sum of the discounted future cash flows for closure and post closure care activities discounted at the Municipality's current long term borrowing rate of 3.8%. The estimated remaining capacity of the Municipality's sites are approximately 246,410 cubic metres, which will be filled in 5 years. Post-closure care is estimated to continue for a period of 25 years.

The Municipality has established a reserve fund in order to fund this future liability. The fund is currently valued at \$1,295,800.

14. SEGMENTED INFORMATION

The County of Lambton is a diversified municipal government organization that provides a wide range of services to its citizens. For management reporting purposes the County's operations and activities are organized and reported by segments. The County's services are provided by departments and their activities are reported in these segments. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

General Government & Administration - Providing support to the entire Corporation, this segment includes the Council, CAO, Clerks, Finance, Human Resources, Information Technology, Legal and Procurement and Project Administration departments.

Court Administration - Administration of the County's Court offices includes setting trials, recording court proceedings, generating transcripts and receiving payments for fines resulting from charges laid by the various police forces operating within the County. Grants to area Municipalities towards the cost of court security and local policing are also reflected.

Protective Services - The Building Services Department provides County-wide inspections for plumbing, sewage disposal systems and weed control. Building inspection services and property standards enforcements for most local Municipalities, as well as zoning by-law enforcement is provided.

Public Works - The Public Works Department is responsible for the maintenance and upgrade of the County's road system and bridges. The County's fleet of road equipment operates out of two main depot locations.

Environmental Services - The County owns, operates and manages six former lower tier municipal landfill sites, of which only one continues to accept domestic and commercial waste for disposal. Environmental monitoring and post-closure care continues on an ongoing basis for the five closed facilities. Contracts with private landfills for additional capacity allow the County to fulfill its mandate to dispose of municipally collected waste.

Public Health - Provides specialized public health programs and services in the County through two main streams. Environmental Health & Prevention Services protects the public's health with programs and clinical services such as safe water and food handling, immunizations and the investigation of communicable disease outbreaks and health hazards. Health Promotion & Program Support focuses on the prevention of chronic disease, injury prevention and substance abuse prevention programs.

Emergency Medical Services - The EMS Department offers 24 hour, 7 days a week, land ambulance services to residents from nine stations located throughout the County.

General Assistance - The Ontario Works department provides employment and income assistance to eligible participants. Income support assistance is provided to persons in need to cover the costs of food, shelter and basic needs. Persons receiving social assistance are required to participate in a plan of increased employment activity. The Social Planning & Program Support department examines the community's needs, ensures compliance of funds allocated and administers the Lambton Shared Services Centre.

Assistance to Aged - The County operates three long-term care facilities which provide comfort, quality and security to rural and urban residents. In addition, three Adult Day programs are provided for seniors who continue to live in their own homes or with family members.

Child Care - The Children's Services Department operates a Day Care facility. In addition, service agreements with not-for-profit and profit centres in the County provide additional subsidized child care spaces. The Department also offers a variety of services through programs such as Healthy Babies Healthy Children, Best Start, and Child Health.

Housing - The Housing Department provides subsidized, well-maintained housing for County residents. The Department completes eligibility assessments, maintains the centralized waiting list for rent-geared-to-income assistance, and administers the non-profit housing programs, rent supplement programs and the affordable housing programs. A Home Ownership down payment program is also provided.

Culture - Culture is comprised of the Library, Museums and Gallery departments. The Library department provides services to the public through numerous branch libraries and a bookmobile. Two museums are operated by the County, one collects family and corporate artifacts which depict the history of Sarnia-Lambton and the other is located at the site of North America's first commercial oil well. Gallery Lambton collects, preserves and holds in trust a collection of Canadian paintings and sculptures. The Lambton Room gathers and maintains Lambton County archival materials.

Planning & Development - The Department prepares and maintains the County's Official Plan and provides consent, subdivision, municipal official plan and woodlot approvals. The Department also works closely with local Municipalities preparing official plan and zoning by-laws, and providing comprehensive, ongoing planning advisory services. The Community Development Corporation's deficit for the year of \$238,857 has been included in this segment.

For each reported segment, revenues and expenses represent amounts that are directly attributable to the segment. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

15. SOCIAL SERVICE CONTRACTS

The Municipality has a Service Contract with the Ministry of Community and Social Services (MCSS) and the Ministry of Children and Youth Services (MCYS). A reconciliation report summarizes, by detail code, all revenue and expenditures and identifies any resulting surplus or deficit that relates to the Service Contract. The surplus amounts are included in accounts payable and accrued liabilities.

16. PUBLIC HEALTH GRANTS

The Municipality has signed the 2009 Grant Terms and Conditions offered by the Public Health Division, on behalf of the Ministry of Health and Long-Term Care and Ministry of Health Promotion under section 76 of the Health Protection and Promotion Act for the provision of public health programs and services. The 2009 settlement reports summarize by program, all revenue and expenditures and identifies any resulting surplus or deficit related to the grants. The surplus amounts are included in accounts payable and accrued liabilities.

17. COMMITMENTS

The Municipality routinely enters into short term lease arrangements for the supply of vehicles, photocopiers, postage machines and other such similar office equipment. Annual payments in 2009 amounted to \$120,179.

The Municipality has entered into an agreement with the Bluewater Health Foundation to provide a grant of \$15 million dollars to the Foundation over a ten year period commencing October 1, 2006 and ending October 1, 2015. The Municipality will pay the Foundation \$1.5 million on October 1 of each year the Foundation complies with the terms of the agreement. The Foundation must provide the County with a statement of account for each year that it receives the Annual Contribution no later than six months after the receipt of the contribution. The statement of account shall include details on capital expenditures made on the project with the proceeds of the grant to date, a statement that only capital expenditures are paid with the proceeds of the Grant, a signature by a person with signing authority for the Foundation and original receipts if requested by the County. At December 31, 2009 a total of \$6.0 million has been paid.

18. CONTINGENT LIABILITIES

The Municipality is contingently liable for long term liabilities issued in its name but for which the responsibility for the payment of principal and interest has been assumed by local (lower tier) Municipalities and the County of Lambton Community Development Corporation. The total amount outstanding as at December 31, 2009 is \$30,272,436 (2008 - \$33,603,938) and is not recorded on the Statement of Financial Position.

The Municipality is a defendant in various legal actions. The ultimate outcomes are indeterminable at December 31, 2009 as litigation is still in progress. The Municipality's management is of the opinion that the Municipality has adequate insurance coverage to offset the amount of the claims and related costs, if any. Consequently, no provision for potential loss, if any, is reflected in these financial statements.

19. USE OF ACCOUNTING ESTIMATES AND MEASUREMENT UNCERTAINTY

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

In particular, management's estimate for the Landfill closure and post closure liability is subject to measurement uncertainty. The estimate is based on assumptions and calculations prepared by the County's Public Works engineering staff. Actual results could differ significantly from those estimates because of the uncertainty related to future cost estimates, future use of the landfill site, etc.

20. BUDGET FIGURES

The approved operating budget for 2009 is reflected on the "Statement of Operations". These numbers have not been audited but are presented for information purposes only. The budgets established for capital funds, reserves and reserve funds are on a project-oriented basis, the costs of which may be carried out over one or more years. As such, they are not directly comparable with current year actual amounts and have not been reflected. Budget figures have been reclassified to comply with PSAB reporting requirements.

21. COMPARATIVE FIGURES

Certain information contained in the financial statements relating to 2008 have been restated to conform with the current method of presentation.
