Independent Auditor's Report

To the Members of Council, Inhabitants and Ratepayers of the The Corporation of the County of Lambton

We have audited the accompanying financial statements of the Corporation of the County of Lambton, which comprise the statement of financial position as at December 31, 2013, and the statement of operations, statement of change in net financial debt and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation of the County of Lambton as at December 31, 2013 and the results of its operations and its cash flows for the year then ended, in accordance with Canadian public sector accounting standards.

1. ACCOUNTING POLICIES

The financial statements of The Corporation of the County of Lambton (Municipality) are the representation of management and have been prepared in accordance with Canadian public sector accounting standards for municipal governments, as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Since precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily involves the use of estimates and approximations. These have been made using careful judgments.

(a) Basis of Consolidation

- (i) Government business enterprises are separate legal entities which do not rely on the Municipality for funding. Investments in government business enterprises are accounted for using the modified equity method. Under this method, the government business enterprise's accounting policies, which follow International Financial Reporting Standards, are not adjusted to conform with Public Sector Accounting Standards and inter-entity transactions and balances are not eliminated. The following government business enterprise is reflected in the financial statements:
 - Community Development Corporation
- (ii) Trust funds and their related operations administered by the Municipality are not consolidated, but are reported separately on the "Trust Funds Financial Report".

(b) Basis of Accounting

- (i) Sources of financing and expenditures are reported on the accrual basis of accounting.
- (ii) The accrual basis of accounting recognizes revenues, as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.
- (iii) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year, and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Debt for the year.

a) Tangible Capital Assets (TCAs)

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset, less accumulated amortization. The cost, less residual value, of the tangible capital assets, are amortized over their estimated useful lives as follows:

Bridges	35 - 75 years	Straight Line
Buildings	15 - 40 years	Double Declining Balance
Building Contents	5 - 50 years	Straight Line
Building Site Elements	10 - 50 years	Straight Line
Fleet	5 - 10 years	Straight Line
Information Technology	3 - 10 years	Straight Line
Leasehold Improvements	10 - 40 years	Declining Balance
Machinery and Equipment	3 - 40 years	Straight Line
Medical and Emergency Equipment	2 - 20 years	Straight Line
Roads	15 - 50 years	Straight Line
Signage and Illuminations	10 - 20 years	Straight Line

One half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use, at which time they are capitalized.

The Municipality has a capitalization threshold of \$5,000 so that individual TCAs of lesser value are expensed unless they are pooled because, collectively, they have significant value. Examples of pools are appliances, furnishing, shelving, street furniture, telephone equipment and tools.

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also recorded as revenue.

Works of art, artifacts, cultural and historic assets are not recorded as assets in the financial statements because a reasonable estimate of the future benefits associated with such property cannot be made.

b) Inventories and Prepaid Expenses

Inventories and prepaid expenses held for consumption are recorded at the lower of cost and net realizable value. Cost for inventories is determined on the average cost basis.

(iv) Revenue Recognition

Taxation revenue is recognized in the year that the taxes are levied. Part of the assessment process is supplementary assessment rolls, which provide updated information with respect to changes in property assessment. The County receives supplemental tax revenues and is also subject to tax adjustments as a result of appeals. Each year, management provides a best estimate of the effect on tax revenue.

Government transfers are recognized in the financial statements in the period in which the events giving rise to the transfer occur, eligibility criteria are met, and reasonable estimates of the amount can be made.

User charges are recorded when the amount is determinable, collectability is assured and the services provided.

Investment income is recorded as earned.

Donations are recorded when the amount is determinable and collectability is reasonably assured.

(v) Temporary Investments

Temporary investments are recorded at the lower of cost and market value.

2. **EMPLOYMENT BENEFITS PAYABLE**

Employment benefits payable are comprised of the following:

	2013	2012
	\$	\$
Liability for vacation credits	1,888,289	1,901,900
Liability for vested sick leave benefits	<u>19,048</u>	245,893
	<u>1,907,337</u>	2,147,793

Liability for Vacation Credits

Under the provisions of certain employee vacation plans, some vacation credits are earned as at December 31 but are generally unavailable for use until a later date. In addition, the provisions of certain plans allow the accumulation of vacation credits for use in future periods. The approximate value of these credits as of December 31, 2013 is \$1,888,289 (2012 - \$1,901,900).

Liability for Vested Sick Leave Benefits

Under the terms of the sick leave benefit plan, unused sick leave can increase according to remuneration increases and employees may become entitled to a cash payment of 10% annually, 100% upon termination or up to 100% by special request to County Council. The vested portion of sick leave days is payable to a maximum of one-half year's salary.

This plan is no longer in effect for accumulation of additional sick leave days, with the exception of members of ONA Local 196.

To the extent that these accumulated days have vested and can be taken in cash by the employee, this liability amounted to \$19,048 (2012 - \$245,893) at the end of the year. An amount of \$226,322 (2012 - \$9,126) was paid to employees who left the Municipality's employment during the current year.

A reserve has been established to provide for this past service liability. The balance at the end of the year is \$39,744 (2012 - \$266,066).

3. TRUST FUNDS

Trust funds administered by the Municipality amounting to \$84,057 (2012 - \$92,771) have not been included in the "Statement of Financial Position", nor have their operations been included in the "Statement of Operations".

The Municipality's cash is held at a Canadian chartered bank and earns interest based on the 30 day average bankers acceptance (BA) rate.

The temporary investments, held in a money market fund, are due on demand.

The Municipality has a \$5,500,000 demand operating line available to it. Interest rate of prime less 1.0% is charged on money borrowed. As at December 31, 2013 the Municipality has not drawn anything on the operating line.

(c) The long-term debt in (a) issued in the name of the Municipality has received approval of the Ontario Municipal Board for those approved on or before December 31, 1992. Those approved after January 1, 1993 have been approved by by-law.

Approval of the Ontario Municipal Board has been obtained for those pending issues of long-term debt and commitments to be financed by revenues beyond the term of council and approved on or before December 31, 1992. Those approved after January 1, 1993 have been approved by by-law.

The principal and interest payments required to service these actual and pending issues and commitments are within the debt repayment limit prescribed by the Ministry of Municipal Affairs. The annual repayment limit to be effective January 1, 2014 has been authorized at \$16,610,215. Actual annual repayment of principal and interest in 2013 was \$4,210,173 (2012 - \$3,846,033). Interest rates on long term debt vary between 2.75% and 5.24%.

(d) On May 9, 1997, the Municipality, on behalf of 10 member Municipalities, refinanced the Ontario Clean Water Agency (OCWA) debt for the Lambton Area Waterworks Supply System (LAWSS). The debenture issue, in the amount of \$35,506,000, will require annual principal and interest payments of approximately \$3,450,000 over 20 years. Annual payments made by the Municipality will be recovered 100% from the participating Municipalities.

8. **PENSION AGREEMENTS**

The Municipality makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of 898 members of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Employees and employers contribute jointly to the plan.

The Administration Corporation Board of Directors, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the plan assets and administration of the benefits. OMERS provides pension services to nearly 440,000 active and retired members and approximately 982 employers. Each year an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits that members have earned to date. The most recent actuarial valuation of the Plan was conducted at December 31, 2013. The results of the valuation disclosed total actuarial liabilities of \$73,000 million in respect of benefits accrued for service with actuarial assets at that date of \$64,400 million indicating an actuarial deficit of \$8,600 million.

Because OMERS is a multi-employer pension plan, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the Municipality does not recognize any share of the OMERS pension surplus or deficit. The amount contributed to OMERS for 2013 was \$4,556,516 (2012 - \$4,208,905) for current service and is included as an expenditure on the Statement of Operations. The OMERS Board rate was 9.0% to 14.6 % depending on income level for 2013 (2012 – 8.3% to 12.8% depending on income level).

The Municipality makes no contributions under the past services provisions of the OMERS Agreement.

9. SARNIA-LAMBTON ECONOMIC PARTNERSHIP ASSOCIATION

The Sarnia-Lambton Economic Partnership Association (SLEP) is an independent body charged with the responsibility for managing economic development within the County of Lambton. It is jointly funded by the Municipality, local Municipalities, the private sector and senior levels of government. The Municipality provided \$1,030,955 (2012 - \$1,055,750) in operating funds during 2013. SLEP has not been consolidated.

10. LIABILITY FOR LANDFILL CLOSURE AND POST CLOSURE COSTS

The Ontario Environmental and Protection Act sets out regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post closure care of solid waste landfill sites.

Landfill closure and post closure care requirements have been defined in accordance with industry standards and include covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance.

The total projected closure and post closure costs at December 31, 2013 are \$9,428,693.

The estimated liability of \$5,002,422 (2012 - \$5,386,686) represents the sum of the discounted future cash flows for closure and post closure care activities discounted at the Municipality's current long term borrowing rate of 4.0%. The estimated remaining capacity of the Municipality's sites are approximately 175,940 cubic metres, which will be filled in 3 years. Post-closure care is estimated to continue for a period of 25 years.

The Municipality has established a reserve fund in order to fund this future liability. The fund is currently valued at \$1,171,613.

Environmental monitoring and post-closure care continues on an ongoing basis for the five closed facilities. Contracts with private landfills for additional capacity allow the County to fulfill its mandate to dispose of municipally collected waste.

Public Health - Provides specialized public health programs and services in the County through two main streams. Environmental Health & Prevention Services protects the public's health with programs and clinical services such as safe water and food handling, immunizations and the investigation of communicable disease outbreaks and health hazards. Health Promotion & Program Support focuses on the prevention of chronic disease, injury prevention and substance abuse prevention programs.

Emergency Medical Services - The EMS Department offers 24 hour, 7 days a week, land ambulance services to residents from nine stations located throughout the County.

General Assistance - The Ontario Works Department provides employment and income assistance to eligible participants. Income support assistance is provided to persons in need to cover the costs of food, shelter and basic needs. Persons receiving social assistance are required to participate in a plan of increased employment activity. The Social Planning & Program Support Department examines the community's needs, ensures compliance of funds allocated and administers the Lambton Shared Services Centre.

Judith & Norman Alix Art Gallery collects, preserves and holds in trust a collection of Canadian paintings and sculptures. The Lambton County Archives gathers and maintains Lambton County archival materials.

Planning & Development - The Department prepares and maintains the County's Official Plan and provides consent, subdivision, municipal official plan and woodlot approvals. The Department also works closely with local Municipalities preparing official plan and zoning by-laws, and providing comprehensive, ongoing planning advisory services. The Community Development Corporation's deficit for the year of \$1,205,498 has been included in this segment.

For each reported segment, revenues and expenses represent amounts that are directly attributable to the segment. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

13. SOCIAL SERVICE CONTRACTS

The Corporation of the County of Lambton has Service Contracts with the Ministry of Children and Youth Services (MCYS) and the Ministry of Education (EDU). A reconciliation report summarizes, by detail code where applicable, all revenue and expenditures and resulting surplus or deficit related to the Service Contract. The surplus amounts are included in Accounts Payable and Accrued Liabilities.

The presentation below was prepared in accordance with the modified accrual basis of accounting, which includes short term accruals of revenue and expenditures and does not recognize non-cash transactions such as amortization. The presentation is reflected prior to application of flexibility of funding between detail codes. The actual future results will differ from these estimates as tax appeals are settled and actual assessment values are applied to supplemental properties.

The Municipality has set up a provision for assessment appeals of \$440,787 (2012 - \$308,194) and an accrued tax liability of \$600,000 (2012 - \$0) to recognize these future liabilities.

17. LIBRARY GOVERNMENT TRANSFERS

Government Transfers recorded as 2013 revenue for the Library segment are comprised of the following amounts:

Ministry of Tourism & Culture Operating Grant	\$265,865
Ministry of Tourism & Culture Pay Equity Grant	18,083
Ministry of Tourism & Culture CSIF Grant	34,000
Ministry of Culture One Time Grant	60,954
Service Ontario Grant	254
Special Student Grants - Federal Programs	<u>26,884</u>
	<u>\$406,040</u>

18. **COMMITMENTS**

The Municipality routinely enters into short term lease arrangements for the supply of vehicles, photocopiers, postage machines and other such similar office equipment. Annual payments in 2013 amounted to \$154,040.

The Municipality has entered into an agreement with the Bluewater Health Foundation to provide a grant of \$15 million dollars to the Foundation over a ten year period commencing October 1, 2006 and ending October 1, 2015. The Municipality will pay the Foundation \$1.5 million on October 1 of each year the Foundation complies with the terms of the agreement. The Foundation must provide the County with a statement of account for each year that it receives the Annual Contribution no later than six months after the receipt of the contribution. The statement of account shall include details on capital expenditures made on the project with the proceeds of the grant to date, a statement that only capital expenditures are paid with the proceeds of the Grant, a signature by a person with signing authority for the Foundation and original receipts if requested by the County. At December 31, 2013 a total of \$12 million has been paid.

The Municipality has entered into an agreement with the City of Sarnia for the maintenance of County roads within the City west of Modeland Road. The agreement covers a ten year period commencing June 1, 2010 and ending May 31, 2020.

The Municipality has entered into an agreement with the Village of Point Edward for the maintenance of County roads within the Village over a ten year period commencing January 1, 2010 and ending December 31, 2019.

19. **CONTINGENT LIABILITIES**

The Municipality is a defendant in various legal actions. The ultimate outcomes are indeterminable at December 31, 2013 as litigation is still in progress. The Municipality's management is of the opinion that the Municipality has adequate insurance coverage to offset the amount of the claims and related costs, if any. Consequently, no provision for potential loss, if any, is reflected in these financial statements.

20. USE OF ACCOUNTING ESTIMATES AND MEASUREMENT UNCERTAINTY

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

In particular, management's estimate for the Landfill closure and post closure liability is subject to measurement uncertainty. The estimate is based on assumptions and calculations prepared by the County's Public Works engineering staff. Actual results could differ significantly from those estimates because of the uncertainty related to future cost estimates, future use of the landfill site, etc.

21. BUDGET FIGURES

The Financial Plan (budget) adopted by the County of Lambton Council on March 20, 2013, was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards require a full accrual basis. The budget figures anticipated using surpluses accumulated in previous years to reduce current year expenditures in excess of current year revenues to \$NIL. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense. As a result, the budget figures presented in the Statement of Operations and Statement of Changes in Net Financial Debt represent the budget adopted by Council with adjustments as follows:

	2013 \$
Financial Plan (budget) surplus for the year	0
Add:	
Capital Expenditures Principal Payments Net Reserve and Reserve Fund Transfers	15,292,030 2,986,341 326,693
Less:

Budget Surplus per Statement of Operations	<u>2,426,355</u>
