Emergency Child Care for Health Care & Other Frontline Workers - SCHOOL AGE CHILDREN ONLY

On Monday, January 3rd, 2022, the Premier of Ontario announced that, in an effort to slow the spread of the COVID-19 virus and the Omicron variant, all schools in the province will revert to remote learning beginning January 5th until at least January 17, subject to public health trends and operational considerations.

To support health care and frontline workers, the Ministry of Education has implemented a **targeted emergency child care program for school-aged children only (ages 4 -12 years)**, at no cost to eligible parents, until schools reopen for in-person instruction, or until emergency child care is terminated by the Ministry of Education.

Emergency Child Care (ECC) will be available starting January 10th.

ECC is currently available at various locations across the County of Lambton. However, spaces are very limited and will be prioritized for medical and emergency services personnel. Families are encouraged to make alternate child care arrangements but may contact the Children's Services office to complete the ECC application below. If a child care space is not available for your request, the name of each eligible child will be kept on a waitlist.

A comprehensive list of individuals eligible for emergency childcare, along with the steps on how to apply, can be found in the information sheet below.
