In every home there are products that need special care.
 You'll recognize them by these warning signs.

When you use these hazardous products, you use them carefully. When you don't need them any more, you should dispose of them just as carefully. That's what Household Hazardous Waste Day is all about - an opportunity

to clear potentially dangerous waste out of your home and protect our environment - water, land and air - at the same time. If hazardous products are thrown in the regular garbage, they can injure sanitation workers and cause

long-term environmental problems. Bring your Household Hazardous Waste to this special depot, and it will be dealt with by experts, at no cost to you.

ALSO ACCEPTED:

Sharps (Hypodermic Needles)

NOT ACCEPTED:

PCB's, commercial, industrial, radioactive wastes, tires, explosives (flares & ammunition)

Household Hazardous Waste Depot - Mobile Event

Saturday, August 25, 2018
